Date of Report:
05/09/2018

Purpose of Report:

To Document Initial Interview with the Victim

DETAIL

On 05/09/2018 at approximately 1745 hours, District Attorney Investigator R. Denny and I met with the victim, her estranged husband, Spike Groom, and their attorney, Ilan Funke-Bilu, at his office in San Luis Obispo. We had previously scheduled an appointment to meet the victim at Funke- Bilu's office due to the victim's lack of trust in Law Enforcement due to the allegation in this investigation. Funke-Bilu requested I bring the victim something to eat because the victim was not able to eat prior to the interview. I advised Funke- Bilu that I would pick up a small pizza for the victim on my way to our meeting.

I arrived at Funke- Bilu's office and we were introduced to the victim and her estranged husband, Spike Groom. Funke- Bilu requested the victim's estranged husband wait outside his office for the duration of the victim's interview. My interview with the victim was audio recorded utilizing my digital

INCIDENT REPORT	SAN LUIS OBISPO COUNTY SHERIFF	CASE NUMBER 180503649
-----------------	--------------------------------	--------------------------

recorder. The recording was later transferred to a CDR and booked into Sheriff's Office Property as evidence (RMS Item #3). The victim was accompanied by her Marcy's Rights Attorney, Funke-Bilu, and I was accompanied by DA Investigator R. Denny. The following is a paraphrased summary of my interview with the victim. For complete details, refer to the recording.

I began a brief rapport building with the victim, speaking with her about the information she had previously provided and the fact that she has trust issues with Law Enforcement and her fear of retaliation. I asked the victim about her current relationship with her estranged husband, her current living arrangements, and her recent contacts with Law Enforcement. The victim advised me her only recent contacts with Law Enforcement were with the Paso Robles Police Department when she was arrested for a DUI in December 2017. The victim said this was her first contact with Paso Robles Police Department Sergeant Chris McGuire. I asked the victim if she had any involvement with the San Luis Obispo County Sheriff's Office while she lived at the Woodduck address in the Heritage Ranch community and the victim said no. The victim said she is, however, friends with a Sheriff's Office Deputy Clayton Kemp. The victim said her friendship with Deputy Kemp was due to the fact that Kemp is the resident Deputy for her community, Heritage Ranch. The victim said she met him during his course of employment.

I advised the victim of my role in this investigation and informed her of the importance of keeping this investigation confidential. I told the victim that part of my role in this investigation is to record true and accurate statements made by involved parties. I advised the victim that there may be a possibility that I will have to contact the Paso Robles Police Department regarding these allegations and provide them with minimal details so they could conduct their own investigation for their personnel department. The victim became hesitant and asked me who I would speak with and I said I would speak with Interim Chief Lewis and Commander Murphy. The victim stated she felt comfortable with me speaking with Chief Lewis and Commander Murphy but had reservations about me speaking with Sergeant McGuire or any other employee that may have information about Sergeant McGuire's behavior. The victim explained there have been numerous times since her first encounter with Sergeant McGuire in December of 2017 that she needed to contact the Paso Robles Police Department but could not do so because of her fear that it might be Sergeant McGuire that would be dispatched to her residence. Funke- Bilu interjected and asked why it took so much time for the Paso Robles Police Department to turn an investigation of one of their Officers over to an uninvolved Law Enforcement Agency. The victim clarified that she had disclosed the incident with McGuire to a Santa Cruz County Sheriff's Department Detectives who in turn contacted Paso Robles Police Department and advised them of the allegations. The victim said while she was speaking with the Santa Cruz Sheriff's Department Detective regarding an unrelated sexual assault, she disclosed the incidents that occurred between herself and Sergeant McGuire. The victim said at that time she requested not to proceed with any further investigation regarding the assault by McGuire and it was not until she heard from the Paso Robles Police Department that she knew a new investigation was being opened. The victim told me there was a possibility that PRPD Commander Murphy became aware of the allegations because she and Murphy have a mutual friend, Paul Bodenshot, that she confides in. The victim said Bodenshot may have relayed the information to Murphy.

I told the victim that I would be asking her about what occurred only in regards to Sergeant McGuire, starting with the first time she ever had any contact with him during his official Law Enforcement capacity. The following is a summary of the incidents the victim disclosed regarding Sergeant McGuire.

The victim said the first time she believes Sgt. McGuire was at her residence was the first or second week of December 2017. During this time she had just broken up with her boyfriend, Anthony Adam Alvarez. The victim said during this time, her friend Paul Bodenshot, came to her residence to help her "purge". The victim said during this cleanse at 1711 Creeksand , Bodenshot came up with the idea of burning Alvarez' s personal items to assist with the cleanse. After the items started burning, the Paso Robles Police Department arrived and asked about the fire that had been reported by an anonymous person. The victim said she was later informed that Sergeant McGuire arrived to check

INCIDENT REPORT	SAN LUIS OBISPO COUNTY SHERIFF	CASE NUMBER 180503649
-----------------	--------------------------------	--------------------------

on the fire but she never saw his face. The victim said she did not have any dealings with Sgt. McGuire on this date, but stated her daughter and son witnessed McGuire entered their residence, check the backyard and then leave. The victim said after his short investigation into the fire, McGuire left. The victim could not give me a specific date on when this "fire" incident occurred but she believed that it was the first week of December 2017, It was later confirmed by the Paso Robles Police Department calls for service that Sgt. McGuire investigated a "fire" at [REDACTED], on December 17th, 2017. The victim said the next time she had any interaction with McGuire was on the date she contacted the Paso Robles Police Department after Alvarez sexually assaulted her and held her against her will. The victim did not know the specific date she called the Paso Robles Police Department but based on the Paso Robles Police Department report and CAD event, I know she contacted the Paso Robles Police Department on 12/19/2017.

The victim provided details of this incident that occurred on 12/19/2017, which lead to the arrest of A. Alvarez.

The victim said during the evening of 12/19/2017 her son and daughter were both staying at her ex-husband's residence in the Heritage Ranch community. The victim said she had an "on again off again" relationship with Alvarez. The victim said on this night she received a text message from Alvarez who said he wanted to make her dinner. Alvarez requested to come over for drinks and dinner. The victim said when Alvarez arrived she thought Alvarez was going to cook dinner for her but instead he sat on the couch and made her prepare dinner. The victim said after a short time, she and Alvarez got into a verbal altercation and she threatened to call Law Enforcement. The victim said she eventually did call Law Enforcement but hung up before speaking to a dispatcher and did not answer the return calls from Dispatch. This is what led to the Paso Robles Police Department arriving with several units. The victim said over the course of the next several hours, the Paso Robles Police Department assessed the situation and eventually forced entry into the residence. The victim said once Alvarez was detained, she was allowed to get dressed and then sat at the kitchen table, awaiting to be interviewed by officers. The victim told me that she was interviewed by Officer Petlachi and while being interview by Officer Petlachi , Sgt. McGuire walked around her residence inspecting pictures and other items throughout her house. The victim thought this was strange due to the fact that Sgt. McGuire was just looking around the house while other officers photographed the residence and Officer Petlachi conducted the interview. During her interview with Officer Petlachi , she got an "uneasy feeling" with how Sergeant McGuire was handling certain situations and the questions that Petlachi was asking her. Based on Sergeant' s McGuire' s demeanor and being forceful with how he demanded Officer Petlachi' s question her about her definition of rape, she believed that Sergeant McGuire was the " shot caller" . The victim said she felt Sergeant McGuire was being too abrasive with his questioning because he requested Officer Petlachi ask her several times to provide them with her definition of rape. The victim said after she provided them with an answer, Sergeant McGuire immediately ordered another Officer to place Alvarez under arrest. Alvarez was arrested for numerous criminal charges after PRPD Officer Petlachi and Sergeant McGuire interviewed the victim. The victim said during these interviews, she disclosed she had been sexually assaulted by Alvarez. Refer to the Paso Robles Police Department's initial report for details regarding the sexual assault at the hands of Alvarez.

The victim said at the conclusion of her interview with Petlachi and McGuire, all of the PRPD Officers were "released" by Sgt. McGuire left except for Sergeant McGuire. The victim stated after all the Officers left her residence, Sgt. McGuire stayed at her residence for "at least four hours". Once all officers left, Sgt. McGuire stayed inside her residence and shut her front door. As McGuire shut the front door, the victim said she tried to acknowledge McGuire by saying "Excuse me, Officer ". The victim stated McGuire responded with "Excuse me, ma'am , you see these stripes right here...that's Sgt., don't disrespect me like that and don't call me Officer. So, again what is my name, how do you want to address me?". The victim said McGuire then pointed to his rank stripes and stated "Sergeant" then pointed to his nameplate and made her read his name, which she did stating, "C. McGuire". The victim said at this time McGuire made her say his complete title and name , which she did saying" Sgt. McGuire". After the victim addressed him by his official title, McGuire stated, " You

INCIDENT REPORT	SAN LUIS OBISPO COUNTY SHERIFF	CASE NUMBER 180503649
-----------------	--------------------------------	--------------------------

will address me that way the rest of the time". The victim stated she apologized and told him she did not mean any disrespect.

The victim said as Sergeant McGuire spoke with her he told her to stand up and walk towards him. The victim stated she complied with his directive, but stood about three feet in front of him. McGuire asked the victim to step closer to him and she complied. The victim said she was feeling fear at the time of the incident and also felt McGuire was in charge of the situation. Once the victim was closer to McGuire, he asked her to give him a hug. The victim said she thought this was strange that he wanted a hug because she felt as though if anyone needed a hug it was her due to the circumstances. The victim said she complied with his request for the hug, but as soon as she hugged him, she pulled away. McGuire told the victim "Get your hands back and you're going to hold me a little harder and you're going to stay there until I ask you to take your hands off". The victim complied and the hug lasted for approximately five minutes. The victim said after she gave Sergeant McGuire a hug, he grabbed her right hand and placed her hand on his firearm, which was on his hip in a holster. The victim said Sergeant McGuire then asked her something like "You like that don't you, you like men of power?" The victim stated she responded, "I like men with power to help and assist". The victim said Sergeant McGuire then grabbed her left hand and placed it on his erect penis. She said her right hand remained on Sergeant McGuire's firearm. The victim said McGuire then said, "Keep both hands on both guns, which gun do you like better?". The victim said she left her hands in place, one on his gun and one on his penis. The victim said she responded to McGuire's question stating that she preferred the firearm. The victim confirmed that McGuire forcefully grabbed her hand and placed it onto his erect penis. The victim stated after she told McGuire that she preferred his firearm over his erect penis, McGuire responded, "Tsst tsst , wrong, I want you to tell me what you would love to do to this gun(referring to his penis)". The victim stated she responded "Why are you doing this to me, why?". The victim said McGuire responded, "It doesn't matter, what do you want to do to this big cock?" The victim stated she was very distraught and told him that she did not "want to do anything" with his penis. This incident lasted for approximately 12 minutes, until McGuire told the victim to sit down. The victim said once the victim sat down, McGuire asked her about her life and her family. The victim said during this time, the victim complained about her anxiety condition and asked McGuire if she could take her prescribed medication. McGuire allowed the victim to take her medication and several minutes later the victim admitted she felt more relaxed.

The victim said as the evening continued, McGuire asked the victim other questions regarding her residence and the vehicles that were parked in front of her residence. During their conversation about the residence and the vehicles, it was determined that McGuire wanted to tow the vehicle that was parked in the driveway on the rocks. This vehicle was confirmed to be the property of Alvarez and it was towed by Alliance Towing once the victim signed the CHP 180 form. After the vehicle was towed, McGuire offered to stay with the victim, but the victim requested a RISE advocate. The victim stated that McGuire mentioned he would call RISE and request their services, but upon doing so she was told RISE did not have anyone available to respond. The victim requested McGuire leave her residence, but he told her that she was not safe due to the front door to her residence being damaged from the forced entry. The victim told me that McGuire stayed at the residence to fix the door and told the victim that Officers would be "coming in and out" of her residence. He explained to the victim that 2 PRPD Detectives would be contacting her to discuss a SART examination. The victim stated that McGuire left her residence and approximately one hour later, Officer Petlachi arrived and served her the Emergency Protection Order. The victim said Officer Petlachi returned to her residence at approximately 4 o'clock in the morning and Sergeant McGuire returned at the same time. The victim said when McGuire and Petlachi were inside the victim's residence, Officer Petlachi stood in the hallway as McGuire sat on the edge of the victim's bed and encouraged her to participate in a SART examination. After the explanation of the SART process, McGuire and Petlachi left her residence. The victim said the sun began to rise shortly after they left. I later confirmed with the victim what Sgt. McGuire was wearing during the first incident. The victim stated McGuire was wearing a dark uniform with Sgt. insignias, duty belt and firearm.

The second incident occurred several days after her initial contact with McGuire when McGuire

INCIDENT REPORT	SAN LUIS OBISPO COUNTY SHERIFF	CASE NUMBER 180503649
-----------------	--------------------------------	--------------------------

arrived at her residence unexpectedly. The victim said she thought it was strange because McGuire was wearing civilian clothing, which consisted of a t-shirt, shorts, and athletic gear. She said she was later told by McGuire that his normal shift would start shortly and he was headed to work. The victim said on this date her daughter, Meadow Groom, answered the front door. The victim said she noticed the person at her door was one of the Paso Robles Police Department Officers that responded to her house for the fire and she invited him inside. The victim stated the reason she invited McGuire into the residence was due to her and her daughter having prepared "thank you" gifts for Officer Petlachi and McGuire because of their involvement with arresting Alvarez on 12/19/2018.

The victim said after McGuire was inside her residence, he requested to speak with her alone and asked her to go with him into a detached garage. The victim said the garage is always locked and she requested her son unlock the garage door. She and McGuire then went into the garage as the victim requested her son to return to the main house. The victim said McGuire requested she turn around and lock the door from the inside, which she did. The victim then turned around to face McGuire and asked him " What do we need to talk about?" and McGuire responded " We don't need to talk about anything" . The victim said McGuire had his shorts pulled down around his ankles and he had an erection. The victim said McGuire grabbed her by her shoulders and attempted to force her onto her knees. The victim believed McGuire was trying to force her to perform oral sex on him. She said when she resisted performing oral sex on him, McGuire immediately turned her around and bent her over a platform that supported the air conditioner and water heater. The victim said McGuire then pulled the back of her pants down and placed his erect penis into her vagina, thrusting hard three times. The victim said McGuire ejaculated after the third thrust and the semen fell to the garage floor. The victim said McGuire then pulled up his pants and she pulled up her pants. She asked McGuire what he was going to do with the mess he made on the floor and McGuire instructed her to clean it up. The victim told McGuire she was not going to clean it up and he could use some newspaper in the garage to clean up the mess. The victim said McGuire then grabbed some newspaper and attempted to clean up the ejaculation but just ended up smearing it on the garage floor. The victim stated she began to get loud and McGuire told her to lower her voice. McGuire also told the victim that when she went back inside her residence, she needed to act as though she and he had a conversation in the garage. The victim said before McGuire left, he advised her that Alvarez would never hurt her again and he would be doing additional patrol checks on her residence throughout the evening. The victim said after McGuire left, she told her children she needed some time alone and went into her bedroom and screamed into her pillow, composed herself, then rejoined her children.

DA Investigator Denny and I asked clarifying questions of the victim regarding the penetration. The victim stated that she did not have any noticeable injuries to her vagina, but stated she was not lubricated. The victim estimated that McGuire was at her residence during this incident at about 5:15 pm and was there for about 25-30 minutes. I asked her if her children had witnessed or heard anything that had occurred. The victim stated that one of her kids asked her what she and McGuire talked about, but she did not say what had occurred in the garage.

I asked the victim to diagram the garage and mark the location where the sexual assault occurred. The diagram was later booked into Sheriff's Office Property as evidence (RMS Item #24). The victim then disclosed the following additional incidents:

Incident #3 - The victim stated that approximately 3 days after her first initial contact with McGuire, she saw him parked in his patrol car in the Walmart parking lot. The victim told me she found it strange that McGuire always seemed to be in the same area or locations that she frequented and she believed he was following her. The victim did not disclose any specific criminal allegations.

Incident #4 - The victim said that approximately 3 weeks after Alvarez was released from custody, McGuire arrived at her residence. During this incident, she and Alvarez were sitting inside her vehicle when McGuire arrived. The victim said McGuire pulled his patrol car up to her residence and blocked her vehicle in so she could not leave the driveway. McGuire exited the vehicle. She did not believe that McGuire was aware that Alvarez was with her as he (McGuire) approached her car window.

McGuire approached the car and saw that Alvarez was in the vehicle. The victim said Alvarez asked McGuire why he was at the residence and McGuire responded by saying the victim had contacted him and requested he come to her residence. The victim denies that she called McGuire that date and asked him to come to her residence, but confirmed that she did in fact call the Paso Robles Police Station hours before the second disclosed incident to notify them that she and her daughter had baked some items to give to the Officers who helped her on December 19th's call for service. She said she left a message for McGuire on that date. The victim stated she never called McGuire's cellular phone, that she always contacted Dispatch and left messages for McGuire.

DA investigator Denny asked the victim if she had disclosed any of the incidents of sexual assault to other unrelated parties. The victim stated she told Alvarez approximately two weeks after the initial incident that occurred on 12/19. She told her ex-husband Spike Groom minimal details of what occurred soon after the initial incident and she told a trusted friend, Paul Bodenshot. The victim made a spontaneous statement at this point and said she " fucked up" and should not have opened her mouth and said something about the sexual assault. The victim stated she was told several times by Alveraz that she needed to report the incidents to the Police Department, but the victim did not do so.

Incident #5 - The victim stated it was shortly after she moved into the [REDACTED] address, which she believes was the first week in April. While the victim was parked at a stoplight on S. River Rd., cross of 13th street in Paso Robles heading southeast, McGuire pulled up next to her. The victim later stated that McGuire was dressed as a uniformed Officer and was driving a marked patrol car when he "flagged" her down. The victim stated her daughter was in the car when McGuire instructed the victim to pull over, which she did because she wanted to obey the order of the Sgt. McGuire, who was acting as a Police Officer. The victim immediately turned left onto S. River Rd. driving northbound, and then took the immediate left turn into an area where several "Big Rig" trucks were parked. The victim said as she drove, McGuire followed close behind her in his patrol car. Once the victim and McGuire were stopped, McGuire drove past the victim's vehicle and hid behind a storage container. As the victim sat in her car awaiting for McGuire to approach her vehicle, she decided to exit her vehicle and see what McGuire was doing. The victim said she exited her vehicle and told her daughter she was going to speak with McGuire at his vehicle and told her daughter to stay in the car. The victim said as she reached McGuire's patrol car, McGuire said " You've been opening that fucking mouth of yours haven't you?" The victim responded, "What do you mean?". The victim said McGuire told her, " I've got word that you've opened your mouth from Paul Bodenshot. Its getting around and Paso PD knows about it. I'm going to have CPS at your door if you're not going to cooperate with me and your kids will be gone." The victim said she became emotional and asked McGuire "Why are you doing this?" McGuire responded by saying, " I told you not to open your mouth and you're not obeying what I told you to do." The victim admitted to McGuire that she told someone. The victim stated that McGuire then brought up a name of "Coreen" who he had been seeing and asked the victim how she felt about that relationship. The victim seemed confused and believed that McGuire was trying to make the victim jealous. McGuire asked the victim her new address and upon her providing him the new address, he was aware that her home was within a gated community and requested the front gate code. The victim said she would not provide McGuire with the gate code and McGuire told her he would be following her to her residence. The victim said she returned to her vehicle and told her daughter, Meadow, that once they got to their house to make sure her son, Christian, records the events that may take place upon their arrival, specifically if McGuire were to take the victim into her bedroom. Upon arriving at the Cottage Lane address, it was evening time, and McGuire parked in the visitor parking area. The victim said McGuire entered the victim's residence and illuminated the interior, in which the victim believes it was an attempt to locate Alvarez. While inside the residence, McGuire continued to illuminate the interior of all bedrooms and rooms, with the victim's master bedroom being the last room he entered. Upon entering the victim's bedroom, the victim went into the bedroom with him and McGuire locked the door behind them. While in uniform, McGuire turned the victim around so that she was facing him. The victim immediately noticed that McGuire had placed his gun on the master bathroom counter, his pants were unzipped and he had an erection. McGuire attempted to have the victim perform oral sex on

him. The victim stated McGuire pulled his pants and belt down to the floor. McGuire tried to turn the victim around, facing away from him, but because the victim adrenaline was elevated, she jumped and screamed, " You're not going to fucking do this to me again". McGuire told the victim to be quiet and zipped up his pants. The victim said she was pushed to the point where she did not care what happened to her for not complying with McGuire but knew she did not want to be sexually assaulted again by McGuire. McGuire requested the victim escort him out of the residence and instructed her to tell her children they only had a conversation in the bedroom. Once outside the residence and at McGuire's patrol car, McGuire told the victim , " This is what you're going to do. Every Wednesday you are going to call the Department, ask if I am on duty, and tell the receptionist you need to leave me a message because you still have a few questions." McGuire provided her with additional instructions for when she called the police department.

I asked the victim when she last spoke with Sergeant McGuire and she said it was when he came to her residence at [REDACTED]. I asked the victim if she ever made contact with Sergeant McGuire via his cell phone, either through a text message or a phone call. The victim said she did not have his cell phone number and he had never contacted her via telephone. She said McGuire requested she always contact him through PRPD Dispatch who would generate a call for service and he would then respond to her residence.

I concluded my interview with the victim.

We left Funke- Bilu' s office and interviewed the victim' s estranged husband, Spike Groom. This interview was audio recorded and later booked into Sheriff' s Office Property. Refer to DA Investigator R. Denny' s Report which will be attached to this Supplemental Report.

Based on the statements made by the victim I completed additional follow up in reference to the [REDACTED] address, which is documented in Supplement #2. During this follow-up I contacted the owners of the Residence at 1711 Creeksand to confirm when the victim moved out. The owner Thea Benson advised me the victim moved from the [REDACTED] address on 3/1/2018 and the residence has been vacant since because they placed the house up for sale shortly after the victim and her children moved out. I requested permission to conduct additional follow-up at the house located at [REDACTED]. Benson provided me with consent and a Consent to Search Form was completed allowing me access to the interior and exterior of the residence. This consent form was booked into evidence as (RMS Item #15)

NARRATIVE

rdrcf2 Date 5/10/2018

Purpose: Document additional Follow-up

DETAIL

On 5/10/2018 at approximately 0800 hours, I attempted to locate the property owners of [REDACTED] rural Paso Robles, Ca. due to statements provided to me by the victim during her interview on 5/9/2018. Utilizing the San Luis Obispo County Assessor's Office Property Search Website I located the listed property owner, Thea Benson. Additional research on the [REDACTED] address revealed the property was "For Sale" and it had been listed in CMSL on March 18, 2018. Due to the property currently being listed for sale, I located the listing agent, Realtor Hilary Krohn, at Merrill & Associates. At 0830 hours I contacted Krohn and inquired about the property and the possibility of processing the garage for possible evidence. Krohn advised me that the home has been vacant since April 1, 2018, after the previous tenant vacated. Krohn confirmed the prior tenant was the victim. Krohn advised me that she was the listing agent for the residence, but also the sister of the listed property owners. Prior to scheduling time for myself and Jones to complete the evidence processing, Krohn confirmed with her sister, Thea Benson that we could have unlimited access to the residence. Krohn scheduled a time to meet with Jones and I on this date at 1330 hours. Due to Benson allowing us to enter her residence, I requested she sign a Consent to Search Form for entry into the garage as well as entry into the home. This Consent to Search Form was scanned into this report and later booked into evidence.

On 5/10/2018 at approximately 0900 hours, I contacted Sheriff's Office Forensic Specialist K. Jones for the purpose of utilizing his services. I advised Jones that I had previously interviewed a victim regarding a sexual assault and she had disclosed there may be physical evidence at her residence located at [REDACTED], Paso Robles, Ca. Due to the confidential nature of the investigation, I explained to Jones that I would not be providing him with any specific details regarding my investigation. I provided Jones the specific evidence that may be located in the garage of the residence at [REDACTED] and requested his assistance and specialized equipment that may be usefully in locating and collecting biological evidence. I requested Jones meet with me at [REDACTED] at 1330 hours for the purposes of processing a potential crime scene.

At 1330 hours Forensic Specialist Jones, DA Investigator Denny and I met with Krohn at [REDACTED], Paso Robles, Ca. Krohn advised us that she has had Key Termite at the residence the last several weeks due to the home's pending sale and needing to complete some exterior work prior to closing escrow. Krohn stated she was given permission to allow us access to the entire property.

Forensic Specialist Jones processed the scene in the garage as DA Investigator Denny and I diagramed the garage and measured locations where evidence was collected. This diagram is not to scale, just an approximate reference point to assist in documenting locations where evidence was collected. This diagram was scanned and later booked into evidence. Refer to Forensic Specialist Jones' Supplement Report for additional information regarding the process and evidence.

Prior to leaving the residence, overall photos were taken of the interior of the main residence as well as the interior of the garage. These photos were later booked into evidence under Jones' Supplemental Report.

rdrcf2 DETAIL

On 05/09/2018 at approximately 1345 hours, I met with DA Investigator Denny and briefed her on the situation. At 1410 hours, I met with Paso Robles Police Department Chief Lewis and Commander Murphy. Commander Murphy told me the following.

On 05/08/2018 at approximately 0800 hours, he received a call from the Santa Cruz County Sheriff's Department Chief Deputy Wilson who told Murphy his agency was investigating an unrelated sexual assault between the victim and her boyfriend, Anthony Adam Alvarez. During an interview with Santa Cruz County Sheriff's Detectives, the victim also disclosed that she was "raped" by a Paso Robles Police Department Sergeant, and named Sergeant Chris MacGuire as the suspect. Chief Deputy Wilson stated his agency would be continuing their investigation of the sexual assault between the victim and her boyfriend from his jurisdiction. He told him his agency would accommodate any request that an outside agency may have in regards to the allegations against the Paso Robles Police Sergeant.

Commander Murphy told me he contacted the victim due to the allegations and to schedule an appointment to meet with her. He told me that he is familiar with the victim and another individual in that case, Paul Bodenshot, to whom the victim had previously disclosed the allegations. He stated he previously lived in the Heritage Ranch Community and both the victim and Bodenshot used to live in the same community. Commander Murphy said he wished to obtain additional details regarding the victim's allegations of sexual assault by the Paso Robles Police Department Sergeant. Commander Murphy said the victim told him she did not want to speak with any Paso Robles Police Department personnel due to her prior experiences with that agency. Murphy said he confirmed with the victim that the alleged suspect in this investigation was Paso Robles Police Department, Sergeant Christopher McGuire. Murphy said the victim told him she was reluctant to speak with any Law Enforcement personnel without the presence of her attorney, Ilan Funke-Bilu. Commander Murphy stated the victim advised him she had told Alvarez, Bodenshot and Tiera Fonterra (sic) of the sexual assault between she and C. McGuire. Commander provided me with several Paso Robles Police Department reports and numerous documented Calls for Services from the victim to his agency.

Murphy telephoned the victim. The phone call was recorded, later transferred to a disc, and booked into San Luis Obispo County Property as evidence (RMS item #2).

Murphy advised the victim that DA Investigator Denny and I had been assigned to investigate her allegations of sexual assault by McGuire and requested she speak with me. The victim agreed to speak with me and Murphy put her on speaker phone. I explained my role in this investigation to the victim and provided her with some brief historical information regarding my professional background. The victim stated she was being represented by Attorney I. Funke-Bilu and would have to consult with him prior to scheduling an appointment to meet with me in person. The victim provided me with minimal information regarding the sexual assault and allegations of stalking at this time. She stated that McGuire had sexually assaulted her on 2 separate occasions and had been following her and driving by her residence on a consistent basis. The victim again stated she would rather consult with her attorney before agreeing to meet with me and DA investigator Denny. The phone call with the victim was concluded.

[Redacted]

On 5/9/2018 at about 1600 hours I contacted Detective Luna with the Santa Cruz Sheriff's Office for the purpose of obtaining additional information regarding the disclosure that was provided to her by the victim. Detective Luna told me the following:

Detective Luna told me that she has 2 case numbers associated with the victim:

SCSO Case Number 1801898 - Sexual Assault Investigation - Suspect, Alvarez

SCSO Case Number 1804032 - AOA - Allegations of Sexual Assault by PRPD Sgt. Maguire.

Detective Luna told me the victim had contacted their agency during the early morning hours of Monday, May 7th, 2018 to report that she was sexually assaulted by her boyfriend, Anthony Alvarez. Upon contacting the victim she disclosed to Santa Cruz Sheriff Deputies that she was sexually assaulted by Alvarez, who was subsequently arrested. During the course of their investigation, the victim agreed to have a SART examination completed and a follow-up interview was scheduled for Tuesday, May 8th, 2018. During the follow-up interview on 5/8/2018, the victim described a history of assaults by Alvarez which included the sexual assault Alvarez was arrested for by SCSO, an undocumented sexual assault that occurred in the City of Paso Robles on May 3rd, 2018 and the disclosure of being sexually assaulted and stalked by Paso Robles Police Sgt. C. Maguire. The following is a paraphrased summary of the disclosure that was given by the victim to SCSO Detective Luna regarding Paso Robles Police Sergeant C. McGuire. The victim told Detective Luna that she first met Sgt. C. McGuire after a call for service in December of 2017. The first incident occurred Dec. 19th during the call for service when the victim's boyfriend, Alvarez, was arrested for sexual assault. Once all of the Paso Robles Police Officers had concluded their contact during the arrest, C. McGuire allegedly stayed behind to be with the victim. It was immediately after the final Paso Robles Officer left the residence when Sgt. McGuire said to the victim, " Give me a hug" . The victim told her she did give McGuire a hug, but he was not satisfied so he asked her to hug him harder. As the victim hugged McGuire, the victim stated McGuire grabbed her right hand and placed it on his firearm, which was located on his left hip. McGuire made a statement to the victim such as, Do you like how this gun feels?, and the victim responded that she did not understand his question. Next, as the victim's right hand was on McGuire's firearm, McGuire grabbed the victim's left hand and put it on his erect penis, over his clothing. As the victim's hand was on McGuire's firearm and penis, he asked her numerous questions regarding whether she enjoyed her hand placement. The victim told Detective Luna that McGuire remained at her residence for an undisclosed amount of time talking about her family.

The second incident the victim disclosed to Detective Luna occurred a few days after the initial incident. She described McGuire arriving at her residence unexpectedly. During this incident, McGuire arrived at her residence " off-duty" and asked the victim to speak with him in her garage. While in the garage the victim stated that McGuire " raped" her and ejaculated. The victim stated her children were home at the time but did not witness the incident because they were in the residence.

Detective Luna stated the victim disclosed a few additional incidents of McGuire contacting her while he was on duty, specifically pulling her over or driving to her residence and making contact with her at her residence.

I advised Detective Luna that I would be requesting all reports and recordings associated with the victim. Detective Luna provided me with the Santa Cruz Records Division contact numbers and requested I send all request to that office. This concluded my contact with Detective Luna.

At approximately 1645 hours, I received a phone call from Attorney Funke-Bilu who offered to meet with me and the victim in person at his office in San Luis Obispo.

On 05/09/2018 at approximately 1745 hours, I met with the victim, her estranged husband, Spike Groom, and her attorney Funke-Bilu at his office in San Luis Obispo for the purpose of an interview of the victim. Refer to additional Supplemental Reports for details regarding the interview with the victim.

DETAIL

Synopsis: The garage floor at [REDACTED] Paso Robles, was examined for seminal fluid. One area of possible seminal fluid was observed. Samples were taken.

Crime scene exam : On May 10, 2018, I was directed by Detective Slane to respond to [REDACTED] Paso Robles, in order to examine the garage floor for possible biological fluids. I arrived on scene at 1330 hours and was briefed by Detective Slane and District Attorney Investigator Denny. I was advised to look for possible seminal fluid which may have been wiped up. Additionally, it was understood that this possible seminal fluid may be along the west side of the garage.

I observed the garage floor to be a sealed concrete slab which had dirt and debris, vegetative debris, and numerous dried stains. A roll up door was present along the east side. Two personnel doors were present, one along the north end of the west wall which lead to the side yard, and one at the west end of the south wall which lead to the entryway to the residence. Along the west wall was a wooden platform which held a furnace system on the south end and a water heater on the north end.

I examined the floor with laser illumination at 532nm and observed numerous areas of fluorescence. One stain, located on the floor immediately east of the wooden platform, fluoresced in a manner consistent with seminal fluid. Additionally, this stain consisted primarily of wipe marks. I tested this stain in five (5) separate locations with thymophthalein Monophosphate (TMP) tests. The TMP test is a presumptive colorimetric test for the presence of seminal fluid. The results of these tests were presumptive negative. I observed no other areas of fluorescence consistent with seminal fluid.

At the direction of Detective Slane, I took six (6) swabs from the area of interest. These swabs were placed into individual bags and marked "1" through "6". These numbers indicated the relative positions of the samples starting on the north end of the stain and progressing to the south end of the stain.

Numerous photographs were taken of the interior of the garage and of the fluorescence at the area of interest.

I departed this location and transported the evidence to the Crime Laboratory.

I downloaded the image files to the Crime Laboratory Image Archive.

On May 11, 2018, the listed evidence was booked into the Sheriff's Property Office.

NARRATIVE

Date of Report:

05/21/2018

Purpose of Report: To Document Interview with Corine Manske

DETAIL

On 05/17/2018, DA Investigator R. Denny and I met with Paul Bodenshot who during his interview advised us he had a friend by the name of Coreen Manske who may be able to provide us with additional information regarding Sergeant Chris McGuire.

Utilizing the Sheriff's Office Records Management System, I located Coreen Manske and her telephone contact number.

On 05/18/2018 contacted Coreen Manske via my cell phone at the Detective Division. I advised Manske of my reason for contact and requested to meet with her in person to discuss my investigation. Manske advised me she could meet with me on 05/21/2018. She requested to meet with me in a public location. I suggested we meet at the Sunken Gardens in Atascadero due to the near proximity to her place of employment. Manske agreed to meet with me to discuss her relationship with Sergeant McGuire.

On 05/21/2018, I met with Manske at the Sunken Gardens in Atascadero. My interview with Manske was audio recorded, later transferred to a CDR, and booked into Sheriff's Office Property as evidence (RMS Item #28). The following is a paraphrased summary of my interview with Manske. For complete details, refer to the recording.

I introduce myself to Manske who immediately requested to see my photo identification to confirm I was a Detective with the Sheriff's Office. I provided Manske with my photo ID and a second form of identification that she requested. I advised Manske of my reason for contact and asked to speak with

her about her relationship with Sergeant McGuire.

I collected identifying information from Manske and she asked me if she was going to have to testify in court regarding this investigation. I explained to Manske the process of the criminal investigation and the process of the Paso Robles Police Department investigation. Manske asked me if Sergeant McGuire was still working for the Paso Robles Police Department. I advised Manske that McGuire was on Administrative Leave and has known there is a complaint against him for approximately 2 weeks. Manske stated she was curious if Sergeant McGuire was still working because Sergeant McGuire's wife contacted her on Mother's Day (05/13/2018) and apologized to Manske. Manske told me this was the second time that McGuire's wife (Roberta McGuire) contacted her. Manske said the first time Roberta McGuire contacted her, Roberta McGuire sent her text messages and threatened to "break my face American History X style". Manske said because Roberta McGuire was threatening physical harm to her, she contacted Sheriff's Office Deputy C. Kemp to discuss her legal rights for protection against Roberta McGuire.

Manske said Deputy Kemp is aware of the situation and provided her with suggestions on how to proceed for her protection but she (Manske) never made an official report. I advised Manske about my relationship with Deputy Kemp and asked her to no longer confide in Deputy Kemp regarding this investigation. I requested she contact me with any questions or if she had additional information.

I asked Manske to tell me how her relationship with Sergeant McGuire began. Manske said she first met Sergeant McGuire in downtown Paso Robles one evening while she was drinking at the bars with her friends. Manske stated that Sergeant McGuire was inside his patrol unit, parked in the alley, and was in his patrol uniform. Manske stated that while she walked to her vehicle, she approached Sergeant McGuire's patrol vehicle and made a statement to Sergeant McGuire that was something to the effect of "Oh I miss my Explorer". Manske said after she made that statement, she started having a conversation with Sergeant McGuire. Manske said this incident occurred on 11/11/2017. Manske said after this incident, Sergeant McGuire messaged her on her private Facebook account, utilizing his work Facebook account, "mi may hem". I asked Manske additional details regarding the first night she met Sergeant McGuire on 11/11/2017. Manske stated that when she first met Sergeant McGuire in the alley behind the Pine Street Saloon, it was the beginning of a relationship she carried on with Sergeant McGuire for approximately four months. Manske told me the first night she met Sergeant McGuire, he requested her to enter his patrol car and sit and talk with him. Manske said she agreed to enter his patrol car and they drove around for a short time. Manske said prior to her exiting his patrol car, Sergeant McGuire kissed her goodbye. Manske said after he kissed her, she noticed Sergeant McGuire was wearing a wedding ring and she confronted Sergeant McGuire about being married. Manske said Sergeant McGuire told her he was currently going through a separation with his wife.

Manske said she does not remember a lot of what happened on that night because she was intoxicated. Manske said most of her memories were told to her by Sergeant McGuire in the text messages they shared during the four months after that night. Manske said after she separated from Sergeant McGuire on that night, she got into a friend's car for a ride home. When they stopped at a gas station, Sergeant McGuire "appeared", which surprised her. Manske said Sergeant McGuire told the driver (her friend) to make sure Manske got home safely.

Manske said several days after that night, she received a Facebook message from McGuire, reminding her who he was. That is when they began their communication relationship which then led to a physical relationship.

Manske again asked me how her name came up in this investigation. I explained to her that the initial reporting party in this investigation mentioned Manske as possibly having a relationship with McGuire. Manske asked me if the person that mentioned her name was [Victim #1's name] and said "I'm glad she's finally doing something". I explained to Manske that numerous people had brought it to my attention that she (Manske) was in a relationship with Sergeant McGuire and thought the relationship was inappropriate. I told her they believed the relationship was

inappropriate because she and McGuire had been physically intimate while Sergeant McGuire was on duty. I asked Manske if she ever felt like she was forced to do anything sexual with Sergeant McGuire while he was on duty. Manske hesitated for a short time and then said "no". I asked Manske why she hesitated to answer that question and Manske reaffirmed her answer and said "no" again.

I asked Manske if she and Sergeant McGuire engaged in any sexual activity while he was on duty, specifically inside his patrol car, or if he ever came to her residence while he was on duty. Manske said Sergeant McGuire only came to her residence while he was off duty. Manske said she met with Sergeant McGuire on multiple occasions while he was on duty. I clarified with Manske what she meant by the term "multiple times" and Manske said "Almost every time he worked I met him at specific locations". Manske then named the locations where she met Sergeant McGuire as "a business off Golden Hill, a cemetery off 24 th Street" and other locations that she did not specify. I asked Manske if at any time while Sergeant McGuire was on duty as a Police Officer, did they engage in any sexual activity. Manske paused for a long time which made me believe that she was reluctant to speak. I advised Manske that I understood she may be reluctant to provide me any additional information and Manske told me she was afraid of retaliation. I explained to Manske that the reason for my questions was to show a pattern of conduct by Sergeant McGuire due to the serious allegations made by [Victim #1's name]. Manske said she understood the allegation and said "Well he definitely forced himself on her (referring to Victim #1)". Manske said the things Sergeant McGuire said to her she did not believe because she had feelings for him and she believed he had feelings for her. Manske said when she first heard about the allegations made by [Victim #1's name], she confronted Sergeant McGuire with the allegations and Sergeant McGuire said "She's an ugly crack whore and I would never do the things she is accusing me of". Manske stated she wanted to find out if the allegations were true. Manske said she utilized a third person who asked Victim #1 specific questions to determine if Victim #1 was telling the truth. Manske said the answers to those questions made her believe that Victim #1 was being truthful.

Manske stated that she and Sergeant McGuire never had sexual intercourse inside of the patrol car but did have sexual intercourse outside of the vehicle while McGuire was on duty. Manske stated that Sergeant McGuire spent a lot of time at her friend's shop off Golden Hill Road and she knew his patrol car was equipped with a GPS locator. Manske said she mentioned the GPS locator numerous times to McGuire because the patrol car was parked at specific locations for a long time. Manske said Sergeant McGuire always used a condom when they had sexual intercourse. Manske admitted to performing oral sex on Sergeant McGuire and masturbating McGuire to ejaculation while inside the patrol car. Manske said she could not remember where the suspect ejaculated.

Due to the statements made by Manske, I requested to conduct a Cellebrite data extraction of her cell phone to obtain the Facebook messages between her and Sergeant McGuire, as well as obtain any other useful information for this investigation. Manske stated she wanted to "think about it" prior to providing me consent to perform the data extraction.

I again asked Manske if Sergeant McGuire ever forced her to perform any sexual acts and Manske said she was "pressured" but was never threatened. I asked Manske what she meant by the term "pressured". Manske said Sergeant McGuire came to her house once while off duty and this was before they ever had sexual intercourse. Manske said another time, Sergeant McGuire came over to her house and after he arrived, Manske immediately was contacted via telephone by Sergeant McGuire's wife, Roberta McGuire. Manske believed that Sergeant McGuire's wife had been tracking his cell phone which is what led her to call Manske. Manske said she got upset and told Sergeant McGuire to leave her residence. Manske told me that during one of the occasions he was at her residence she told him to leave. Before he left he told her he, "I drove a long distance" and inferred that she owed him sex for driving for such a long distance to her house. Manske said she felt "guilted" into having sex with Sergeant McGuire rather than feeling "forced". Manske described another incident when she was "guilted" into performing oral sex on the McGuire inside the patrol car but did not provide any additional details regarding that incident.

INCIDENT REPORT	SAN LUIS OBISPO COUNTY SHERIFF	CASE NUMBER 180503649
-----------------	--------------------------------	--------------------------

I asked Manske if she ever felt that Sergeant McGuire was using his position of power as a Police Officer to obtain sexual favors from her. Manske said she did in fact feel Sergeant McGuire was abusing his position as a Police Officer but at the same time she felt safe when she was with him.

Manske described that Sergeant McGuire was " nice" and " somebody she could speak with" but believes he played " mind games" with her during the course of their four month relationship.

Prior to concluding my interview with Manske, she again said she is fearful of retaliation from Sergeant McGuire or from his wife. Manske said she is also concerned for the safety of her children because McGuire and his wife both know where she lives. We talked about conducting a pretext phone call with Sergeant McGuire in an attempt to solicit information pertaining to Victim #1 as well as information related to Manske and Sergeant McGuire. Manske said she was willing to participate in the pretext phone call but not right at this time.

I asked Manske if there was any additional information she wanted to provide that may be beneficial to this investigation. She told me that she had told a friend, Paul Bodenshot, about the relationship that she was having with Sergeant McGuire and the activities that they engaged in while he was working. Manske stated Bodenshot became concerned after learning who Mankse was dating due to having previous knowledge from Victim #1. Bodenshot told Mankse of the incident that occurred inside the garage of Victim #1's residence regarding Sergeant McGuire attempting to force Victim #1 into performing oral sex on him. She said Bodenshot told her additional details of the alleged sexual assault where Sergeant McGuire bent Victim #1 over a shelf in the garage and had sexual intercourse with her for approximately 2 seconds. Based on these statements, Manske wanted to confirm with Bodenshot that the person that allegedly sexually assault Victim #1 was the same person she was having a dating relationship with. Manske asked Bodenshot to ask Victim #1 what size penis the officer that sexually assaulted her had. Manske told me she received an answer from Victim #1, via Bodenshot, that the officer that sexually assaulted her had a "big dick". Mankse stated she felt at ease after hearing this from Bodenshot due to knowing that Sergeant McGuire was not well endowed in the genital region. Manske later found out from Victim #1 that she had previously lied about the size of Sergeant McGuire's penis because Victim #1 was afraid to get anyone else involved. Manske said she later found out from Victim #1 that the officer that sexually assaulted her was in fact Sergeant McGuire. Victim #1 provided Manske with a physical description of Sergeant McGuire and told her that she lied earlier and "he has super small penis". These statements regarding the size of Sergeant McGuire's penis were later confirmed by Victim #1 during my interview with her.

Prior to concluding my interview with Manske, she said there were certain statements Victim #1 made to Bodenshot that reminded her about things Sergeant McGuire had told her (Manske) but could not remember the specific statements. I asked Manske if Sergeant McGuire had any distinguishable marks or tattoos on his body and Manske said she never saw Sergeant McGuire completely naked and every time they had sex, Sergeant McGuire's penis was the only thing that was exposed.

I concluded my interview with Manske.

NARRATIVE

Date of Report:

6/6/2018

Purpose of Report:

To Document Additional Interview with the victim, Pretext phone call between the victim and McGuire and Cellebrite Extraction of the victim's cell phone.

DETAIL

On 6/6/2018 I met with the victim at the Sheriff's Office Substation in Templeton for the purpose of her participating in a pretext phone call. The victim and I had made previous arrangements to meet on 6/6/2018 at 1200 hours. Upon the victim's arrival we discussed the purpose of the pretext phone call and the information I was trying to obtain. The victim appeared nervous about contacting Sergeant McGuire over the telephone due to the interaction she had with McGuire's wife, Roberta McGuire. The victim reminded me of the prior statements that Roberta McGuire made towards her regarding "curb stomping" and the victim was afraid that if she attempted contact with Sergeant McGuire it would cause additional problems for herself and her family. After a long discussion about the importance of the pretext phone call, the victim and I discussed a script on how to start a conversation with Sergeant McGuire. The victim agreed to participate in the pretext phone call. The following is a paraphrased summary of the recorded pretext phone call between the victim and Sergeant McGuire. For the complete pretext phone call refer to the recording.

The victim advised me that when she called Sergeant McGuire she always called by using a

INCIDENT REPORT	SAN LUIS OBISPO COUNTY SHERIFF	CASE NUMBER 180503649
-----------------	--------------------------------	--------------------------

"blocked" telephone number. Due to this information I allowed her to utilize my department issued cellular phone. The victim called Sergeant McGuire using my department cellular phone and dialed his personal cellular phone number [REDACTED]. A male answered and the victim identified herself. The victim asked if the person on the other line was "Chris". There was a short silence and the male voice on the other line stated that he was on a field trip with his children and wife and could not talk. The phone call immediately ended after that statement. After the phone call ended I instructed the victim to text message Sergeant McGuire and advise him that they needed to talk. The victim immediately received a return text message from Roberta McGuire telling the victim to leave her family alone and that she (the victim) had done enough damage. This concluded our attempts to contact Sergeant McGuire.

Prior to concluding my interview with the victim, I asked her if she had any additional information she would like to provide regarding Sergeant McGuire. The victim stated she believed I needed to contact her "friend" who owns Fusion, a business at [REDACTED]. The victim stated the area where Fusion is located is an area she and McGuire would frequently go to have sexual intercourse while he was on duty. The victim told me she believes the businesses there may be equipped with external cameras and there may be video footage of their activities. The victim told me there was an incident while she and McGuire were engaging in sexual activities while he was on duty and she noticed a "blue light" above where they were parked. The victim said she pointed this camera out to Sergeant McGuire and asked him if they were being recorded. She also asked McGuire if there was a possibility that someone would watch the potential video footage. Sergeant McGuire told her as long as no criminal activity occurred in that area, there would be no need for anyone to view the videos. The victim told me she could not exactly remember where the camera was located, but believes it was somewhere between 17th street and 20th street in the city of Paso Robles.

The victim told me that after our first interview when I asked her about electronic communication between she and Sergeant McGuire, she decided to review her text messages and Facebook Messenger messages. The victim told me she had kept all her Facebook Messages from the time that Sergeant McGuire reached out to her using his "fake" Facebook page, Mi May Hem. The victim said while reviewing the messages, she recalled seeing a message regarding Sergeant McGuire calling the victim an "ugly crack head". The victim told me they had numerous conversations over a 3 month time period on the Facebook Messenger and agreed for me to perform a Cellebrite Extraction on her cellular phone in an attempt to collect those messages.

On 06/06/2018, I performed a data extraction on the victim's cell phone so I could review any and all data. I had the victim complete a Consent to Search Form which gave me permission to have all data extracted her Apple iPhone 6s cellular phone. I attached the phone, an **Apple iPhone 6s Cellular Model # MQ732 Serial #F4GVH6LDJC6D**, to the Physical Analyzer software running on my desktop computer at the Sheriff's Templeton Substation Detective Office and performed a logical extraction on the phone. All raw data was extracted and a report was generated utilizing Physical Analyzer. These reports were generated in a UFED report for ease of viewing the extracted data. This report, as well as the Raw Data Dump were transferred to a DVD-R and later booked into evidence at the Sheriff's Office Detective Division (RMS Item #47). The cellular phone was returned to the victim at the completion of the date extraction.

NARRATIVE

Date of Report:

06/19/2018

Purpose of Report:

To Document Phone Call from Victim regarding News Article; Confirmation Regarding Victim's Hand Placement During Incident on 12/19/17.

DETAIL

On 6/19/2018 at approximately 1533 hours, I received a telephone call from the victim, who seemed to be extremely upset and angry. The victim told me she saw the article in the news about Sergeant McGuire and was upset that the news media had information that was inaccurate, specifically her sitting on McGuire's lap at the time of the sexual assault incident that occurred in the garage of her residence.

After explaining the news article and information that I had obtained since our last meeting, I asked additional questions regarding her hand placement on the evening on 12/19/2017 when Sergeant McGuire allegedly forced her hand onto his firearm and erect penis. I asked the victim if she could specifically remember her hand placement on that evening. The victim told me, after visualizing the incident, that as she faced Sergeant McGuire she remembers he grabbed her left hand and placed it onto his firearm, which was in a holster on his right hip. Once her left hand was on his firearm, he grabbed her right hand and placed it onto his erect penis, over his blue police uniform pants.

This new information provided by the victim indicates that Sergeant McGuire is right handed due to his firearm being positioned on his right hip.

NARRATIVE

Date of Report:

6/21/2018

Purpose of Report:

To Document Interview with Victim #2

DETAIL

After receiving a text message from Attorney Funke-Bilu on 06/18/2018, I attempted to located Victim #2 for the purpose of confirming whether or not she had been a victim of Sergeant McGuire. I checked several areas in the city of Paso Robles that Victim #2 frequented. I requested the assistance of Patrol Deputies and asked them to contact me if they come in contact with Victim #2.

On 06/21/2018 I received a telephone call from Deputy Malesza who stated that while he was booking an unrelated party into the San Luis Obispo County Jail, he noticed Victim #2 was currently being housed in IRC #2. Due to this information I contacted Correctional Sergeant Soenksen and requested to interview Victim #2. At approximately 1500 hours, I met with Victim #2 at the San Luis Obispo County Jail. I advised Victim #2 that I was not here to speak with her regarding her current reason for being in jail or regarding any of her other criminal cases. I advised Victim #2 that I was here to ensure her safety. I asked Victim #2 if she had any information that she would like to relate to me regarding some information we had received over the last few days. Victim #2 said she was not aware of what I was talking about. I told Victim #2 that I needed to be vague about what I was asking due to the nature of my investigation. I explained to Victim #2 that I am a Detective with the Sheriff's Office and I specifically work sexual assault cases. I told Victim #2 that her name had come up in a current investigation and I wanted to find out if that information was true. I asked Victim #2 if she wanted to speak with me about anything. Victim #2 said she did not want to talk about it. I asked Victim #2 if she knew what I was referencing and Victim #2 nodded her head in affirmative and stated "Mmm hmm".

I asked Victim #2 if she could provide me with a hint of what I was asking her about in order to confirm we were talking about the same thing. Victim #2 immediately glanced down at her breasts and I asked her if that was her "hint". Victim #2 nodded her head in the affirmative and again said "Mmm hmm". I asked Victim #2 if the information that I was being told about her was accurate and Victim #2 said yes. I asked Victim #2 if anything sexual had recently occurred at the hands of the un-named suspect, other than him asking her to unhook her bra and shake her breasts checking for narcotics. Victim #2 denied any other sexual misconduct by the un-named suspect.

I attempted to get additional information from Victim #2 but she stated she did not want to speak with me at this time.

I provided Victim #2 with my phone number and requested she contact me when she wanted to speak with me.

NARRATIVE

Date of Report:

7/6/2018

Purpose of Report:

To Document Receipt of Telephone Call from Victim to Sergeant McGuire's Desk Line and Content of that Phone Call.

DETAIL

On 6/29/2018 I contacted Paso Robles Police Department Commander Lampe and requested he attempt to locate any phone calls made to Sergeant McGuire's desk line at the Paso Robles Police Department between 12/17/2019-04/01/2018. I told him I was specifically attempting to locate a women's voice on the messages.

On 7/6/2018 I contacted Commander Lampe at the Paso Robles Police Department. Commander Lampe provided me with two recording of telephone calls that were received and recorded on Sergeant McGuire's Desk Line at Paso Robles Police Department. These recordings were labeled:

1. 12-23-17 10.14.4pm McGuire (McGuire)
2. 01-13-18 07.15.50pm McGuire (McGuire)

These recordings were transferred to a portable thumb drive and later transferred to a CD-R and booked into evidence (RMS Item #61). The following is a verbatim transcript of both phone calls.
